

There will be three separate road closures in New & Old Costessey between **Monday 28th October & Sunday 3rd November**. This will affect Red Line 23/23A & 24B services - detailed below.

**Monday 28th October to Friday 1st November** - both Breckland Road & Richmond Road in New Costessey will be closed, leaving us with no viable alternative but to operate service 23 directly up Dereham Road. **This will serve all stops on Dereham Road as an alternative for any affected customers.**

**Monday 28th October to Sunday 3rd November** - Norwich Road in Old Costessey will be closed - meaning service 23A/24B will need to operate up Norwich Road as far as Kabin Road - and will then run **non-stop** from there to Roundwell Medical Centre via Norwich Road & Dereham Road.

Service 31 will operate the above diversion, but turn around using Richmond Road, East Hills Road & Longwater Lane to maintain a service to Roundwell Medical Centre stops.

**We apologise for the inconvenience this may cause to your journey, as Old Costessey will once again lose all bus services.**

We have tried working with the council to mitigate these works but unfortunately these works are all unavoidable and need to take place during the school holidays.

*Any comments on the roadworks themselves should be directed to Norfolk County Council at 0344 800 8020.*
